

# GARDEN CENTRE

## VISIT ONE OF THESE AWARD-WINNING GARDEN CENTRES THIS SPRING!

Many of the country's leading garden centres belong to the Garden Centre Association (GCA). The aim of the competition is to improve the standards of all GCA members. Winning one of the awards is regarded as a great honour in the industry. All GCA members (unless they have excluded themselves from adjudication) are visited by two accredited evaluators, at a time unknown to the centre so there is an element of surprise. The awards are based purely on quality standards, and centres are evaluated not only on products, departments and displays, but also on staff, service and surrounds.
